Hi Ron and Kathy:

This to let you know that EPA issued a confidential enforcement letter to Energy on Friday regarding the closure plans submitted pursuant to the June 2013 CAFO. While we can't send you a physical copy of it, for purposes of Ecology's follow-up on the closure plans, please contact Dave Einan (376-3883) to arrange a time to drop by the EPA office to take a look at it.

Thanks – Kevin
